

UNITED STATES COMMEMORATIVES

\$5 GOLD COINS

Although these coins purpose is to commemorate important aspects of American history and culture, these coins also help raise money for important causes. Part of the price of these coins is a surcharge that goes to organizations and projects that benefit the community.

Since the modern commemorative coin program began in 1982, the United States Mint has raised more than \$418,000,000 in surcharges to help build new museums, maintain national monuments like the Vietnam War Memorial, preserve historical sites like George Washington's home, support various Olympic programs, and much more.

This program includes, but is not limited to the following:

- Statue of Liberty
- U.S. Constitution
- Multiple Olympiads
- Mount Rushmore
- Bill of Rights
- World Cup
- Smithsonian
- Jackie Robinson

This is just a small list of this highly collectable series.

These \$5 Commemorative Gold Coins from the U.S. Mint are a perfect way to stack low premium gold that is also a part of American history. While they bear completely different designs, commemorating anything from landmarks to sporting events, they are all the same size and contain the same amount of gold. Their diameter is 21.6mm and they contain .2418 troy oz of pure gold.
