Classic Gold Bar With Character

1 Oz. Gold Bar - PAMP Suisse Non Fortuna

PAMP Suisse has recently gained an incredible amount of popularity among investors. Its fine products, such as the 1 oz. Non Fortuna gold bar, are being bought, stored and traded by gold investors around the world. Selling a Non Fortuna gold bar is a simple matter, giving it the feature of extremely high liquidity for those who are ready to realize their profits.

The Non Fortuna bar has its name because it is different from the traditional PAMP Suisse Lady Fortuna gold bar, which features the Roman goddess of luck and prosperity. The Non Fortuna gold bar is also an impressive treasure, but its design is more modern and straightforward.

This 1 oz. bar features the attractive PAMP Suisse logo, its 1 oz. weight, its purity of .9999 fine, and a unique serial number for each gold bar. On the other side of the gold bar, you can find the word "Suisse" repeated across the bar in a diagonal pattern. Potential buyers can easily see that your bar conforms to the true design of the 1 oz. PAMP Suisse gold bar.

The addition of an assay card increases the liquidity of this gold bar even more. Your bar, retained securely in its protective package is easy to sell based on PAMP Suisse's tradition of providing assay verification on the assay card that is a part of the packaging. Any buyer can immediately recognize the authenticity of your 1 oz. gold bar by looking at this card.

1 Oz. Gold Bar - PAMP Suisse Non Fortuna

PAMP Suisse 1 oz. gold bars are easy to buy and sell, putting them among the top gold investments for short-term investors as well as those who want to preserve their gold for future sales.

Many gold buyers prefer to purchase gold coins. While this can be a fascinating hobby and a wise investment strategy for some, gold bars offer advantages you don't get with gold coins. They have lower premiums over the spot price of gold, for example. Their value is as an investment grade product that can be easily sold and traded at almost any time. And, unlike obscure coins that may actually be very valuable, PAMP Suisse 1 oz. gold bars are recognized and sought after by a huge group of savvy investors.

The Non Fortuna 1 oz. gold bar is a relatively new development. No one can absolutely predict how the gold market will fluctuate in the next several years. What is easier to know is that .9999 fine gold bars will remain a stable and reliable product for investors for the foreseeable future.
