1 Oz. Gold Bar - Valcambi .9999 Fine in Assay

Valcambi is the world's largest gold refinery, producing high-quality gold options like the 1 oz. gold bar .9999 in Assay. A recent acquisition by Rajesh Exports, Ltd. Has changed the corporate structure, but the refinery is still producing the same distinctive gold bars as it always has. These Valcambi 1 oz gold bars are easy to own and simple to store.

Setting aside a large enough portion of your budget to buy Valcambi gold bars in Assay regularly is an easy way to keep adding to your stack. Since the 1 oz. gold bars are contained in protective packaging, they retain their pristine appearance and condition, even after years of storage.

With the assay card verifying the true weight and fineness of the gold, keeping track of your purchases and sales is amazingly simple. The unique serial number on the bars can be noted when you buy the bar and referred to when you analyze how much your gold has appreciated in value since you bought it. The number is also useful in helping you choose which bars to sell and which to keep in your stack.

Valcambi gold is known for its reliability and authenticity. The reverse face of the 1 oz. gold bar features only an attractive rendition of the Valcambi name. On the obverse, the distinctive Valcambi brand logo appears, along with the bar's weight and purity, presented beautifully on the gold bar.

The 1 oz. fine gold bar in assay is Valcambi's most popular product, and rightly so. It is not only elegantly designed, but it is continually proven as an authentic 1 oz. of .9999 fine gold.

The 1 oz. weight is not only the easiest to buy and stack, but it is also highly portable. Wherever you choose to stack your gold, the 1 oz. gold bar in assay is sure to fit in nicely. And, it is much easier to find potential buyers for small bars such as the 1 oz. size than it is to locate buyers who have the funds and desire to make a larger investment by buying a 100 oz. or larger bar.

Now more than ever, Valcambi is committed to maintaining its high standards in gold bar production. The change in ownership is less significant than Valcambi's longstanding tradition of high quality, accurate production and marvelous presentation.
